## HANDICAPS FOR GOLF TOURNAMENT

Play To Be Started Thursday If Weather And Ground Conditions Permit

Chairman Preston Smith, of the local golf tournament has announced the pairings together with the handicap scores for the first match play to be held Thursday morning at 8:30 a. m. It is the hope of the committee that every one whose name is listed to be on hand promptly so that the first flight can be held during the morning, as the play will be discontinued during the afternoon, but will be continued Friday afternoon at 2 o'clock.

There will be three prizes offered to the winners, and as this is a handicap the speculation as to the outcome is very interesting and local doers among the golfers are guessing a long shot will win out. The first prize will be a 12 inch high silver loving cup, engraved with name, year and club name on it, also one McGregor Master driver, one dozen golf balls, with the runner-up receiving a half dozen golf balls.

The handicap together with the pairings are as follows: These figures were taken from and only those who played five rounds were eligible.

W. R. Martin 46, vs. H. O. Dham 46.

Mack Coy 48, vs. Preston Smith 48.

## ALVERSON'S PAPER

### IS REPORTED SOLD

Friends of Hon. J. M. Alverson, proprietor of the Harlan Enterprise, were surprised to read the following in the Lexington Leader of Tuesday:

William Baker, a graduate of the University of Kentucky College of Arts and Sciences in 1920, has bought the Harlan Enterprise, weekly newspaper at Harlan, Ky., and has begun his duties as editor and business manager.

Mr. Alverson bought the Harlan paper about six months ago. His wife and young son have been quite ill since they moved there to make their home. Mr. Alverson is a former Richmond man, a son of Mrs. Mattie Alverson.

## GOVERNOR PARDONS

### MADISON YOUTH

A dispatch from Frankfort says that Forest Masters, who has served 19 months of a five-year penitentiary sentence imposed upon him by the Madison circuit court for seduction, was pardoned today by Governor Edwin P. Morrow, because of the serious doubt as to the guilt of the prisoner. His pardon was recommended by hundreds of citizens of Madison county, more than 30 of whom are women. Masters was received at the reformatory March 31, 1921, and has been a model prisoner, according to officials.

Mr. L. B. Herrington, of Louisville, joined his wife here Monday, for a visit to Mrs. Harvey Chenault.

Weather Forecast—Generally fair tonight and Thursday. Except probable showers in northeast and central portions tonight; little change in temperature.

## TURKS ACCEPT ENGLAND'S TERMS

(By Associated Press)

London, Oct. 11—A peaceful solution of the Near Eastern tangle has been apparently reached on the basis of the surrender of Eastern Thrace to the Turks with proper safeguards for Christians and neutrality of the Dardanelles to which the Turks agreed. The terms are those formulated by Great Britain.

## MASONS BURY THEIR DEPARTED BROTHER

With the burial ritual of the great order which he loved and honored, the mortal remains of Robert R. Burman, Sr., were laid to rest in Richmond cemetery, Wednesday afternoon. Around the flower covered bier, the Masons of prominence from all over the state gathered to pay their last tribute to their deceased brother. The Grand Master of Kentucky and other high officers were present on the solemn and sad occasion, while hosts of friends joined their sorrow with that of the bereaved loved ones. The floral tributes were magnificent in their splendor and profusion.

Short services were held at the home of his pastor, Dr. R. L. Telford. Then escorted by the Masonic guard of honor, the cortege moved to the city of the dead where the last rites of Masonry followed by another prayer, bade farewell to the departed brother.

## CHICAGO MAY LOSE AS FUTURES MARKET

(By Associated Press)

Chicago, Oct. 11—Hedging and trading in wheat futures is being driven from Chicago to Winnipeg and Liverpool by the threats of the Capper-Tincher law. John Maull, secretary of the Board of Trade told the Federal Trade Commission today, He said the supremacy of the Chicago markets which now handle more grain than all the rest of the world's exchanges, together, is seriously threatened. If the new law is upheld by the Supreme Court, he said, buyers of cash grain who wish to protect themselves will be forced to go to the British markets to deal in futures.

## To Explain Special Road Tax

The special road tax question will be explained to the members of the Kiwanis Club of Berea by R. E. Turley of this city tonight. On Thursday night, the 12 will be speakers at the Upper Silver Creek schoolhouse, to talk on this important issue which confronts the people of Madison county who want to see their roads improved.

## Coburn's Minstrels At Opera House Tonight

J. A. Coburn, the minstrel king arrived with his splendid aggregation and will be the headline at the opera house tonight. Among the splendid list of black face comedians, Richmond will be agreeably surprised to see Gordon Hunt, who assisted Gov. Bowen with the Legion minstrel here for the past two years.

Frankfort, Ky., Oct. 11—The Highway Commission accepted the offer of McCreary county to put up \$200,000 of a recent bond issue for work on the Dixie air line in that county.

## WALLACE URGES TREE CONSERVATION

And Also Urges Eastern Normal Students To Take Interest In State's Forests

(By Associated Press)

Conservation of the forests of Kentucky, not by being sentimental about trees and insisting that the woodman spare them all, but by recognizing forest products as indispensable material and seeing that the supply does not run out, was urged at an address here Wednesday, by Tom Wallace, associated Editor of the Courier-Journal, to students of the Eastern Kentucky State Normal School and Teachers' College.

Mr. Wallace also touched briefly upon the conservation and propagation of fish and game in his address.

"Need I tell a Kentucky audience that this State possessed originally, and until recently, vast forest wealth," asked Mr. Wallace. "Nearly one-third of the total area, or about 15,000 square miles, was covered with magnificent forests.

"I have seen land with virgin forest upon it sold for less per acre than the annual income from that land would be nowadays if it were under conservation producing an annual virgin yield of timber without the stand being impaired.

"I have seen that land, deforested and tilled, become worth less per acre than it was worth when sold as woodland. I have seen poplar boards sold in the Louisville market for more than the market value of their weight in corn produced upon land on which stood originally tulip poplars six feet in diameter."

Advocacy of forestry means recognizing forests as indispensable regulators of stream flow and barriers against floods, according to Mr. Wallace. Timber should be treated as a crop and handled with as much forethought as grain or kitchen garden products, the speaker declared.

"American timber rapidly is being exhausted," said Mr. Wallace. "The center of production, from virgin forests, is shifting to the Pacific Coasts. Sixty per cent of the cost of lumber in Eastern States is the freight cost. There is talk of drawing next upon Alaskan forests, with an increase of freight cost."

"Sundry States are instituting forestry. Nothing is being done to renew Kentucky's timber. In 1912 a Kentucky Legislature created a Forestry Commission and appropriated \$15,000 annually for its use in preventing forest fires and otherwise."

"In 1920 the Kentucky Legislature abolished the Forestry Commission as a measure of economy, reduced the appropriation to \$6,000 a year, made forestry subordinate to the Department of Agriculture and so hedged about with specifications the expenditure of the small appropriation that half of it is turned back into the State Treasury. Thus the State is deprived of national funds which would be used supplementing its own to procure protection from forest fires."

The work that is being done in other states was discussed by Mr. Wallace and his hearers were urged to aid in the conservation movement of Kentucky. "I suggest that you help form public opinion in this State favorable to the establishment of enterprise," he said.

Whenever and wherever forestry is discussed in Kentucky array yourselves with the forests of progress and against the force of economic illiteracy," Mr. Wallace told the students. "Bear in mind the office-holders, legislators and others, are your servants. Tell them what you want done, and they are likely to do it if convinced that yours is the voice of the majority and that you really do want it done." "If you tell your domestic servants what you want done they may quit. In dealing with public servants no such peril is encountered. They want above all things not to have to quit. They do not deliberately defy public opinion."

## FANS WILL SEE HIM PLAY HERE THURSDAY

EARL COMBS

## DOWNPOUR ONLY CAN PREVENT GAME

Earl Combs and Colonels Here Thursday and Every Effort Made To Play Ball

Earl Combs got in with most of the Colonels at noon Wednesday. Rain prevented the game scheduled at Cynthiana.

If it is possible under weather conditions to play ball Thursday, the game will be played at Walker's Park a short distance from town on the Barnes Mill pike.

The grounds there have drained well from the heavy rains of Tuesday night and Wednesday morning. The Normal school grounds are in such soggy shape that several days of warm sunshine would be necessary to put them in condition to play. Fans are expected by the hundreds at the big game. Everybody is giving Combs and his pals the warmest kind of welcome.

The ball game between Richmond and the Louisville Colonels will be played Thursday if there is the slightest chance. Both teams are primed for the battle and the public are on their toes waiting for the scrap. Mayor Wm. O'Neil has declared a half-holiday for Thursday afternoon so that as many as possible will be out to greet Earl Combs when he comes on the field. The majority of the fans have not seen him play for some time and hundreds are expected to take advantage of the opportunity.

The scene of battle has been changed to Walker's Park and this place will be large enough to accommodate the large crowd, which is expected. The game will begin at 2:30 o'clock sharp.

Manager Owen Hise, of the local club, has added several valuable men to his roster, "Rasty" Wright, who finished the season with the Pittsburgh Pirates, will be here and ready to answer the call if Hise calls upon him to do the pitching work. He is considered one of the best pitching prospects picked up in some time by the Pirates. "Rasty" has quite a record and will prove hard to solve if selected to face Louisville. Clel Tatum, the Paint Lick boy, will also be here and ready to pitch. It is known by all the local fans that he is quite a twirler. He is said to be the property of the St. Louis Browns which means that Richmond will be represented by two big leaguers in the box.

The Richmond infield against the Colonels will be composed of Park at first, Ginter at second, Reisenberg at short, and Hise at third. All the fans know of the prowess of Park, Hise and Ginter as they have performed many times on local diamonds. Reisenberg is considered the best short fielder in the present Blue Grass League. All of these boys are real hitters and will trouble the visiting twirlers to some extent. As

fielders these boys will be hard to beat anywhere in the state.

The outfield will be made up of players not so well known to Richmond fans but all are experienced players. Hogan, who will cover the central garden, is the leading slugger in the Blue Grass League, as fast as lightning, and a sure fielder. He is the best seen in this part of the state in many a day. The right field will be guarded by "Rip" VanWinkle, who played here with the Wesleyan College nine in 1920. He is a dangerous man at the bat, having been one of Winchester's leading sluggers this year. The third member of the outfield will be Lewis, a Western League product, who is said to be among the best in the circuit. These men can keep step with the rest of the boys with ease. They are all expected to shine in their respective positions.

Louisville defeated Maysville Tuesday by a score of 11 to 0. They play in Cynthiana Wednesday where a good game is expected. They have not been defeated throughout their tour of the blue grass but as they approach Richmond many are predicting this will be stopped. The batting orders of the respective teams as they will start Thursday are as follows:

Louisville	Acosta cf
Betz 2b	Combs p
Kirke 1b	Ellis rf
Meyers c	Schepner 3b
Ballenger ss	Deberry of
Tatum or Wright p	Tincup p

## Enterprising Madison Girl

The Stanford Journal said this the other day:

An enterprising Madison County girl has a little gold mine, if it will last long enough. Near her home the county is erecting a concrete bridge and as a consequence the road is blocked. To detour would cause many miles of travel. She holds the key to the situation and it takes just twenty-five cents to make her use that key. There's a gate to a passway through her premises, and a big padlock adorns the gate. It is easy if you have the quarter, for she politely unlocks the gate, swings it ajar and invites you to pass through. But, if you are shy the aforesaid two-bits you're in for a trip of miles around.

## Jackson County Man Pardoned

Frankfort, Ky., Oct. 11—Governor Morrow pardoned before trial E. C. Shepherd, 82 years old, under indictment in Jackson county, charged with disturbing a public speaker. The pardon was recommended by L. C. Lytle, the speaker.

## DOESN'T WANT HIS MONEY--BUT

(By Associated Press)

Atlanta, Oct. 11—Mrs. Onezima Debonchel, beautiful New Orleans divorcee, whose engagement to Asa Candler, Atlanta capitalist, was abruptly terminated, in a statement here today said "I have deep sympathy for the lonely old man whose children have grown away from him, and the companionship I craved, rather than love, inspired my engagement to him." She said she did not want a penny of Candler's money "but they will have to pay and pay dearly for their emblem to wreck my reputation by insults." Candler in a statement yesterday said it will be impossible for him to marry her due to her alleged indiscretions.

## GREAT MAGNITUDE OF POOL WEED SALE

(By Associated Press)

Lexington, Ky., Oct. 11—Figures given out here today by the Burley Tobacco Growers' Cooperative Association show the magnitude of the association's deal with the Reynolds Tobacco Company which takes over practically all the holdings of the 1921 crop. Manager Robert Bentley said it would require 17 freight trains of 50 cars each to carry the 5,100,000 man's sold. It would fill 3,375 standard freight cars and if the hogheads were placed end to end they would reach more than 50 miles. Official figures from the Department of Agriculture at Washington received here today showed the 1921 burley crop averaged 9 cents a pound more than in 1920.

## ODD FELLOWS CONCLUDE SESSION

J. A. Dotson Wins For Grand Warden and Central City Gets Next Session

With the final business session concluded just at noon, Wednesday, the annual session of the Grand Lodge I. O. O. F. of Kentucky formally adjourned. Central City was selected as the place for the next year's meeting.

Election of officers largely constituted the business of the final morning session. The only real contest that developed was for the post of Grand Warden, which puts the successful candidate in line for the Grand Master-ship, it being customary to advance officers from Grand Warden on each year without contest.

Richmond had a cur Bate for Grand Warden in the person of Ben C. C. Wallace, but he together with nine other candidates went down in defeat before J. A. Dotson, of Maysville, who won the coveted honor. Other officers elected were: Grand Master—J. C. Hellman, of Eminence.

Deputy Grand Master—James Denton, of Somerset.

Grand Secretary—R. G. Elliott, of Lexington, re-elected to serve his 34th year in this office.

W. A. Gregory, of Louisville, and J. Whit Potter, of Bowling Green, Grand Representative.

The new appointive officers are: Grand Marshal—R. B. Ballard, of Barbourville.

Grand Conductor—Owen Mann, of Louisville.

Grand Messenger—Adolph Abraham, of Shelbyville.

Grand Guardian—J. H. Shafer, of Bardwell.

Grand Herald—W. R. Gardner, of Bowling Green.

Grand Chaplain—H. W. Elliott, of Sulphur.

Two new members were added to the Board of Directors of the Ophians' Home at Lexington. Messrs. Roy Foreman of Lexington, and B. A. Logan, of Shelbyville. Other members of the board of directors are James Denton, T. E. King, W. A. Gregory, Be Khan Overstreet, Miss Mattie Dalton, J. Whit Potter, J. K. Haley, E. M. Faries, P. P. Cyrus, Mrs. Ella M. Carr, George L. Brill, Julian T. Yeager, J. R. Smith, M. M. Logan, and Mrs. Sarah J. Hughes.

Four cities offered cordial invitations for the next session but Central City won out over Louisville, Paducah and Georgetown.

The host of Odd Fellows left with kindest expressions of appreciation of their reception and entertainment by Madison Lodge and the people of Richmond generally.

A most delightful feature Tuesday evening was the concert given by youngsters from the Home. The work of those who took part on the program was enthusiastically commended on all sides.

JAMES DENTON, DEPUTY GRAND MASTER

## STILLS FOUND AT Y. M. C. A. CAMP

Two moonshine stills were discovered and destroyed on the grounds of the Y. M. C. A. near Valley View in Jessamine county last week, says the Wilmore Enterprise. The raid was conducted by Sheriff Joe Keefe and deputy E. Cassidy assisted by prohibition agents Unthank and White. The stills were made out of gasoline tanks. A run had evidently been made the night before and no whisky was found, but about 50 gallons of mash was destroyed. This mash was made from watermelons and is the only kind yet discovered that has been made from this source. It is a new discovery. No arrests have yet been made but it is expected the parties who were operating this unique still will be apprehended this week.

## Speed Wagon For Every Farming Need

HERE is a motor truck that was deliberately designed for farm service. We knew the needs—the farm folk have always constituted a large percentage of Reo owners. First—the Speed Wagon has a ruggedly built, powerful, ample and absolutely dependable motor. That Reo-Four is the greatest motor ever built. This Speed Wagon has the same stamina, same strong construction in every unit. The axles, transmission, frame, springs, steering gear are all built to stand up over a long period of time in exacting service. A lighter truck would not do your work as economically—a heavier truck would be wasteful. The Speed Wagon's economy is amazing. It will fit every farming need.

Built  
The Gulf Coast

Through more than 20 years of pioneer exploitation, educational publicity and newspaper, booklet and direct-mail advertising, extending over the East, the North and the Central West, the Louisville & Nashville Railroad has built the great Gulf Coast Section, between Pensacola, Mobile and New Orleans.

By splendid through-train service from New York, Philadelphia, Baltimore, Washington, Atlanta—from Chicago, Cincinnati, Louisville, St. Louis, Nashville and Birmingham—the L. & N. Railroad has brought tourists, seekers of health and permanent residents to this 170 miles of salt water frontage—the section which has come to be nationally known as the "Riviera of America."

### America's Summer and Winter Playground

**HEALTH**—"All over this section of the country, the Gulf Coast is looked upon as the healthiest spot in the United States," said Dr. Charles L. LeRoux in an address made at the Philadelphia Meeting of the American Climatological Association. This opinion was coincided in by Dr. Wm. Porter, former professor of Clinical Medicine, St. Louis University, in a paper read before the Gulf Coast Publicity League in 1916. These papers and other health resort propaganda have been published in booklet form and extensively circulated by the Louisville & Nashville Railroad, with most substantial results in bringing health seekers to the Gulf Coast.

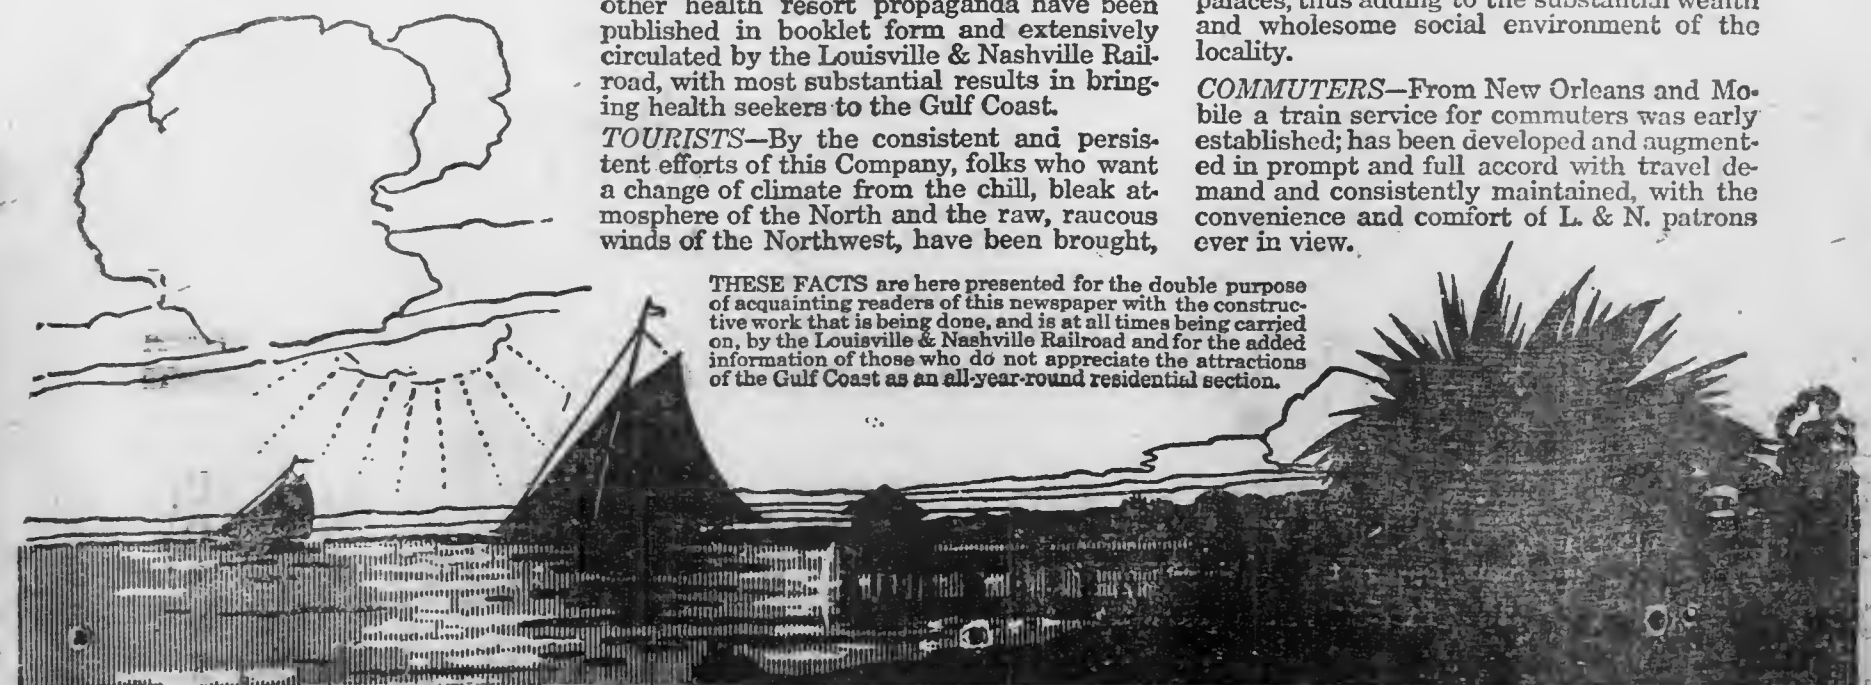

**TOURISTS**—By the consistent and persistent efforts of this Company, folks who want a change of climate from the chill, bleak atmosphere of the North and the raw, raucous winds of the Northwest, have been brought,

by hundreds of thousands, to the all-season summer land of the Gulf Coast, where they may rest and play in God's great out-of-doors every day in the year.

**NEW RESIDENTS**—Thousands of tourists and pleasure seekers who have come to see the Gulf Coast have remained or returned to enjoy this ideal homeland as permanent citizens; building houses, from bungalows to palaces, thus adding to the substantial wealth and wholesome social environment of the locality.

**COMMUTERS**—From New Orleans and Mobile a train service for commuters was early established; has been developed and augmented in prompt and full accord with travel demand and consistently maintained, with the convenience and comfort of L. & N. patrons ever in view.

THESE FACTS are here presented for the double purpose of acquainting readers of this newspaper with the constructive work that is being done, and is at all times being carried on, by the Louisville & Nashville Railroad and for the added information of those who do not appreciate the attractions of the Gulf Coast as an all-year-round residential section.

## Blackheaded Pimples Quit With S.S.S.

Why? Pimple-Poison Goes When Red-Blood-Cells Increase! S. S. S. Builds These Red-Blood-Cells.

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red rivers of your blood as long as there are enough rich red-blood-cells in it. More red-blood-cells!

That is what you need when you see pimples starting at you in the mirror. Black-headed pimples are worse! Porena is worse yet! You can try everything under the sun—you'll find only one answer, more cell-power in your blood! The tremendous results, produced by an increase in red-blood-cells is one of the A. B. C.'s of medical science. Red-cells mean clear-pure rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead pest, from boils, from eczema and skin eruptions, from rheumatism, from neuritis, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1826, as one of the greatest blood-builders, blood-purifiers and system strengtheners ever produced. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

## NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y. — "I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly everyone around me knew of your medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like." — Mrs. CHAS. BAKER, 21 Spencer Ave., Hornell, N. Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

## RED CROSS HEALS WOUNDS OF WAR

25,000 Disabled Ex-Service Men in Hospitals After Four Years of Peace.

### CHAPTERS' FIELD OF SERVICE

Every Veteran Needing Help Gets Individual Attention of Sympathetic Workers.

When on November 11 the world halts to observe the fourth anniversary of Armistice Day, and the American Red Cross inaugurates its Annual Roll Call for the enrollment of the 1923 membership, the people of the United States may well pause to think of the unparalleled contribution to the cause of peace made by our Army and Navy in the World War. The glory of it is a common tradition; but the wounds of war remain. They are not healed in a day, in a year, nor in four years. And on Armistice Day there will be under treatment in Government hospitals over 25,000 ex-service men, broken physically by wounds, exposure, nervous strain and exhaustion incident to their service in the war.

The Government without stint is undertaking to furnish these disabled men with the compensation and medical care to which they are entitled, yet their especial care is a duty of the Red Cross. Why? Because the Government cannot handle the cases of ex-service men individually; it must handle these men in bulk under a standardized policy. The Government has neither the authority, the funds or the equipment for working out the problem of the individual man. There is where the American Red Cross finds its greatest field for service, aiding through its very active Chapters in reaching the disabled man with immediate practical help, assisting his family while his claim is emerging from the process of adjustment, furnishing articles of comfort, funds to tide over the difficult periods, the friendly touch of personal encouragement, helpful recreation and worry-dispelling amusement. It is the warm hand of sympathy and understanding which the American Red Cross extends to the majority of these disabled ex-service men, some of them friendless in the whirl of life, thousands of them with wives and children dependent upon them, and hundreds of them frequently helpless in the face of grim necessity.

2,679 Chapters Aiding Veterans  
In this work, upon whose accomplishment the American Red Cross is urging a record-breaking enrollment in the Roll Call which opens on Armistice Day and closes with Thanksgiving Day, 2,679 Chapters in all parts of the country are engaged. This is 350 more than were working for ex-service men last year when approximately \$10,000,000 was expended by the National Organization and the Chapters working together in harmonious unity. For the current fiscal year National Headquarters appropriated \$8,030,622.90, an increase of \$365,560.84 over the amount spent for the work among ex-service men in the year ended June 30 last. Since it is estimated that the Chapters will expend close to \$7,000,000 from their own funds, the grand total of Red Cross expenditures for this single work is expected again to reach the \$10,000,000 mark by June 30, 1923.

Hospital and District Office Work  
During the fiscal year a total of over 1,000 persons, paid and volunteer, has been engaged in Red Cross duty in hospitals or district offices of the U. S. Veterans' Bureau. An average of 8,000 new cases requires definite and particular attention each month. The demand for Chapter-made articles for hospital patients is constant.

During last year Service Claims and Information Service at National Headquarters handled 37,200 compensation and insurance claims, 24,500 allotment and allowance cases, and 9,700 miscellaneous claims. Since February, 1919, it has disposed of 61,174 allotment checks payable to veterans which the Post Office Department reported undeliverable.

The Chapter is the unit of the Red Cross organization which is accessible to every disabled veteran or his family. Between July 1, 1921, and June 30, 1922, the Chapters had reported 1,665,079 instances of service to ex-service men and their dependents, at a cost estimated from reports now at hand of more than \$5,340,000.

The basis of this far-reaching work of the Red Cross is the individual needs of the disabled veteran to the end that he may obtain his rights under the law, that his especial wants may be immediately supplied, that his own and his family's situation may be rendered happy and cheerful, and that their outlook for the future may visualize incentives for independent and fruitful effort.

# Master Commissioner's SALE

Nellie S. Weisenburgh Gdn. &c. Plaintiffs

vs.

Louis B. Weisenburgh's Adms. Defendant

Pursuant to judgment and order of sale entered in the above styled action by the Madison Circuit Court at its October term, 1922, the undersigned Commissioner will expose to public sale to the highest and best bidder on the premises in Richmond, Ky., on

**Thursday, October 26, 1922**

at the hour of 10 o'clock a. m. the following described property to-wit:

A certain tract of land in the City of Richmond, Ky., on West Main street in said City, fronting on Main street 155 feet, more or less, and running back a distance of 575 feet to North street and known as the Crooke lot.

This property will first be offered in five separate parcels, two lots on Main street of equal width will be sold by the Commissioner, said two lots running back half the distance of the whole lot; and then will be offered three lots fronting on North street of equal width, running back one-half the distance of the whole lot; then will be offered the lot as a whole, and the way bringing the most money will be accepted.

This is a very desirable piece of property and the last chance to buy a building site on West Main street.

TERMS: Said property will be sold on a credit of six and twelve months, the purchaser being required to execute sale bonds with approved security, payable to the Commissioner and bearing six per cent interest from day of sale until paid, with a lien retained on the property to secure the payment of said bonds and interest.
